

## **PRISON PUPS N PALS**

Excerpt from the daily reports of the dogs at PPNP. Written by Assistant Trainer of Rizzo from the dog's point of view....

Hello, my name is Rizzo and today was my first day at Tomoka Prison Pups N Pals. Well this is great because I have two trainers. The lead is Mike and he is a big guy who I thought I could make do things my way until he showed me who "the boss" was, real quick with a correction that made me think twice about bucking again. Anyway there is also another assistant trainer his name is Ray. He is the guy writing this because I just learned how to sit never mind write.

I even tried to bite Ray today because I wanted to show him that he wasn't going to tell me what to do but as I went for the leash he corrected me I tried to fight but he was just too strong so I had to submit and start sitting.

It's around 8 pm and my trainer and assistant took me outside again to work with me some more on staying, sitting and even that "potty" meant to go poop or pee pee.

I did better at my commands and Mike and Ray were giving me all kinds of praise. I even was able to play with a basketball for a little while until someone shouted that I may bit it in my excitement while playing so I had to stop.

Boy am I tired and think I even wore out Ray. I am hyper and like to kiss and play.

Well, til next time – **Rizzo**
