

SPECIAL NOTE FROM THE CLUB PRESIDENT

DEC 19TH, 2012

[Cathy Westbrook Driggers](#)

This morning I had the honor of attending and saying a few words at the 15th graduating class of Prison Pups N Pals. I could not be any prouder than I was today to see what this program is doing for not only these dogs, but for the inmates. Each time I go I see how the men have grown and how this program is shaping them to be better members of society once they are released. The kind words and compassion expressed always touches me when I am there. One more thing that makes me very proud to be a member of West Volusia Kennel Club.
